

Republican Precinct Committeemen 204

	Michael Jehnichen	Robert E Thornton
1. What is your name, what office are you running for and why are you running for this position?	No Response Received	Robert (Bob) Thornton, I'm running for PC precinct 204, I'm running because I think my neighbors need to be better represented.
2. Do you believe that the central committee should endorse candidates in primaries and non-partisan elections? Why or why not?	No Response Received	I believe the central committee should present all Republican candidates equally for the voters to do their research. I don't think a small group of Republicans should control the county, if they have someone they back they should be willing to explain why.
3. How will you inform the people you represent about the goals and objectives of your central committee?	No Response Received	I have contacts in several areas that spread the information, with everything on line I still believe word of mouth is important.
4. What do you consider the most important qualities in a candidate for local office?	No Response Received	As always the most important is honesty and transparency. You need to be willing to discuss the concerns and the ability to change your mind.
5. Do you believe your values accurately reflect the values of Kootenai County residents? How will you work to incorporate those values into the central committee?	No Response Received	I believe my values reflect residents of Kootenai County republican residents in precinct 204. I'm not positive I know about all of the county or the democrats. I've been vocal in the meetings and trade ideas with the other committee members.
6. Becoming a precinct committeeman is the most direct way to influence your local party, shape its priorities and fight for the principles that built this nation. Are you willing to vote for these principles even when they are not popular? Please explain your answer.	No Response Received	I was precinct committeeman previously and I'm very familiar with the processes and what's required.
7. Meaningful change begins in our local elections. As precinct committeemen you serve as a link between the voters and your parties' leadership. What are two or three top priorities that you want to bring to the central committee?	No Response Received	I believe we need to promote Honesty and Fairness and eliminate tunnel vision. All candidates need a fair representation on the ballot.
8. Are you willing to hold party leaders and candidates accountable to stay focused on principle over compromise? How will you do this?	No Response Received	I am willing and did it in the past when I was a precinct committeeman.
