<b>1.</b> What is your name, what office are you running for and why are you running for this position?	No Response Received	Paul R Wagner Precinct committee man precinct #511 To ensure the KCRCC supports resonable candidates, especially for local offices.it
<b>2.</b> Do you believe that the central committee should endorse candidates in primaries and non-partisan elections? Why or why not?	No Response Received	I believe it is best that they do not endorse candidates in primaries, and non-partisan elections. In primaries, there is likely to be some disagreement within the central committee . Yet many within the central committee may insist that you support someone whom you will not be voting for. In nonpartisan elections the position and responsibilities, likely do not involve, nor should they involve politics.
<b>3.</b> How will you inform the people you represent about the goals and objectives of your central committee?	No Response Received	I will make an effort to inform them through social media, perhaps mailings, and even personally visit with them.
<b>4.</b> What do you consider the most important qualities in a candidate for local office?	No Response Received	Honesty, experience, knowledge in the appropriate subject matter, and the ability to lead the experts do their job
<b>5.</b> Do you believe your values accurately reflect the values of Kootenai County residents? How will you work to incorporate those values into the central committee?	No Response Received	I have been a resident of my precinct for almost 45 years so I think I know the value of fellow residents. I will attempt to incorporate those values into the central committee simply by participating in the meetings, voting those values and speaking when I believe I have a relevant point to make.
<b>6.</b> Becoming a precinct committeeman is the most direct way to influence your local party, shape its priorities and fight for the principles that built this nation. Are you willing to vote for these principles even when they are not popular? Please explain your answer.	No Response Received	I have been a precinct committeeman for almost 2 years and have always voted for those principles. It isn't difficult.
<b>7.</b> Meaningful change begins in our local elections. As precinct committeemen you serve as a link between the voters and your parties' leadership. What are two or three top priorities that you want to bring to the central committee?	No Response Received	I Believe supporting candidates, and issues that will be on a ballot is one of the most important things a central committee can do. I would prioritize a persons, knowledge, honesty, abilities, and experience, not just a party label to determine support. When determining support for issues, it must be based on what is best for our community not just on what will it cost?
<b>8.</b> Are you willing to hold party leaders and candidates accountable to stay focused on principle over compromise? How will you do this?	No Response Received	I will always vote on principle and what I believe is best for our community.
